

VELLCA PLUS

TECHNICAL DATA SHEET

DEFICIENCIES CORRECTOR

DESCRIPTION

VELLCA PLUS is an invigorating and preventive product that repairs calcium deficiencies. It is indicated for periods of increased growth and development, being absorbed quickly into the plant organs, with greater activity and demand for nutrients, strengthening plant tissues, as it acts directly on the formation and compaction of the plant cell membrane.

VELLCA PLUS is complexed with low molecular weight carboxylic acids that help calcium to be translocated in the plant through a process of complexation and participate directly in various physiological processes of the plant such as respiration, photosynthesis and nutrient absorption, so that the application of these directly influences the yield and quality of crops.

COMPOSITION

Guaranteed Composition

Calcium soluble in water (CaO)
Complexing Agent

10.0 % w/w
Carboxylic Acids

DOSAGE AND METHOD OF USE

Foliar application:

- Citrus: 3 cc/L (2 applications after fruit set).
- Vegetables: 3-5 cc/L (4 applications).

- Pome fruit: 3-5 cc/L (3-4 applications after petal fall).

Irrigation application:

- Fruit trees: 500-800 cc/da (3-6 applications after fattening).

- Vegetables: 500-600 cc/da (2-4 applications).

PRECAUTIONS AND INCOMPATIBILITIES

VELLCA PLUS is compatible with most fertilizers and phytosanitary products, however a previous mixture is recommended and avoid being mixed with oils and acid reaction products.

VELLCA PLUS does not require special handling conditions. The product is not flammable or corrosive, however it is recommended:

- Do not store in a container other than the original one.
- S2: keep out of the reach of children.
- S3 / 7/8: keep container in a cool, dry, and well closed.
- S13: keep away from food, drink, and animal feed.

Do not apply in hours of maximum sunlight.

GUARANTEE

VELLSAM guarantees that the chemical composition of this product meets the characteristics described in this data sheet. Improper storage, times and methods of application, climates and crops, or mixtures with chemical products not specifically recommended in this sheet or through a written recommendation that accompanies it escape control and therefore responsibility of VELLSAM

No third party is authorized to give additional warranties or instructions regarding this product, and if they do, such warranties or instructions will not be valid or binding on VELLSAM
